

On June 20, I will begin a **journey of 12, 818 miles around the perimeter of the United States** including the four corners; Madawaska, Maine; Blaine, Washington; San Ysidro, California; and Key West, Florida.

I have set out to raise \$1 for every mile I travel. This volunteer effort will support the USO . The USO has a rich heritage of caring for our nation's military men and women in times of war and in times of peace since 1941.

“What impressed me the most during my volunteer service at the USO was the major efforts made to assist and support the families of the men and women who were already deployed.

In addition to being an OH, former lifelong educator and having a passion for riding his Harley, I am also an active member of the American Legion Post 95 the New Hampshire Patriot Guard Riders and an US Army veteran.

A tax-deductible contribution of \$128.18 will make you “**one of one hundred**”. That's it \$128.18! The number represents a penny a mile and if one-hundred donors join in and sponsor this effort, the goal of a dollar a mile, \$12,818 will be reached.

Tax exempt donations can be sent to: USO/RIDE – POB 234
Center Conway – NH 03813

Checks should be made payable to the USO/Ride.

Thank you for your help.

Steve Woodcock
